

Spring 2018

Oh taste and see that the Lord is good

Greetings to each of you this spring. Jesus has risen!
What a joyous time of year to celebrate the resurrection of Jesus Christ. This spring has brought some exciting developments for Living Water World Missions.

Each installation truly is a testament to God's faithfulness and every time we fill that first bottle it brings smiles and praises to Him!

We invite you to read on to find out more!

''United by the Living Water Who Gives Life''

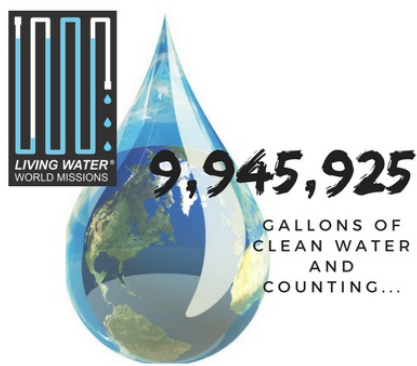

We have installed three LWWM systems this year already and we assisted other mission organizations with three additional installations in Honduras and in Colombia. It is always amazing to see how God brings together the right team for each installation. Have you considered going on an installation with us in the future.

Our spring campaign is Water for Children. From May 1 to May 13 (Mother's Day) we ask you to: **SAVE** the money you would spend on beverages other than water. **DONATE** the money to LWWM to help mothers, fathers, children, and others gain access to clean water. Please **PRAY** for these families that so desperately need that clean water.

[Find out more here.](#)

We are almost to 10 million gallons of clean water produced in Guatemala. We have exceeded that number over all LWWM systems, including those in Cuba. The Lord has blessed us with this ministry and your support is a blessing to us.

[Visit our website](#) to find out more about ways to support LWWM.

Save the date!

Our annual appreciation banquet will be Friday October 19 in Visalia. We look forward to sharing with you about the work that the Lord has done during the evening. Tickets will go on sale soon so stay tuned!
If you are interested in sponsoring the event or a table, **[contact us.](#)**
