

Over four million gallons of clean water and amazing testimonies of its impact!

Summer 2016

## Living Water World Missions Newsletter

Greetings to you in our Lord Jesus Christ!

Thank you for your interest, support, and participation in the ministry of Living Water World Missions. The last few months have been busy and exciting as we continue our monthly installations in Guatemala and have completed our first Rapid Response installation trip for disaster relief to Ecuador, in collaboration with Rotary clubs in California and Ecuador. There are now two LWWM systems in communities that were devastated by earthquakes this spring. If you missed recent trip updates, [let us know](#) and we will email them to you.

As you read this, we have a team in the eastern part of Guatemala in the city of Jutiapa. They are working with site partners to install a water purification system at Vida Nueva (NEW LIFE) School where the teachers and children are learning about health, hygiene, and the Good News of the Gospel. This will be our 45th system in Guatemala. These systems have produced over four million gallons of clean water to date.

We have continued to be blessed by our partnership with Compassion International. We now have 25 systems at sites with Compassion International children's programs. Recently, we had the chance to hear just how this partnership is blessing local communities as well. See video below.

Living Water World Missions would not be possible without our supporters, team members, board members, and staff. Above all, it is God who does the work

through his Holy Spirit in His people. We are especially grateful for the way that the Lord has made possible this ministry through the work and dedication of our staff in Guatemala. Read more below.

## Compassion Testimonies

In April, several of our board members and staff met with Compassion International staff: the supervisor for Western Guatemala and two facilitators. They shared the impact of clean water from LWWM systems that they have witnessed in the communities that they serve.

## Our staff in Guatemala

Living Water World Missions' board is continually growing in their appreciation of our staff in Guatemala and in the awareness that they truly make all of this ministry possible. They are building the relationships with our partners in Guatemala and doing the daily work to keep the systems up and running and coordinating installations. Each of them are dedicated to the Lord and to this ministry and go above and beyond their job descriptions. They continually share the love of Christ in the context of assisting our partners to produce clean

water for and educate their communities. Many of you have had the opportunity to get to know them on an installation trip. But, for those of you who have not been or will not be going soon, stay tuned to our Facebook [page](#) or follow the link below to read more about them on our website.

November 5-12 (Full)

Operator's Conference in Guatemala

December

Installation Trip to Cuba in partnership with Gateway Church

Dates TBD (Full)

[Download an application on our website](#)

## **Support Living Water World Missions on Amazon**

The next time you go to Amazon to make a purchase, please visit our website's Amazon Shopping page first and use the links or search bar to get to Amazon. When you do, LWWM will receive a percentage of your purchase. Follow the link below and make it a favorite in your browser and then use that link to get to Amazon. That one extra step could mean lots of extra funding for Living Water World Missions and all it takes is an extra few seconds of your time! There is no additional cost to you!

## **Pray for LWWM**

- For our Board of Directors and their families who support them as they lead installation trips and that God would provide wisdom in their decisions for Living Water World Missions.

- For our continued partnership with Compassion International, that God would continue to use this partnership to increase access to clean water in Guatemala and improve the mental, physical, spiritual, and economic health of the people in that country through clean water.
- For the safety, health, and well-being of our staff in Guatemala and their families.
- For our installation teams, including the team in Guatemala this week, that God would use them in the work of His kingdom and reveal Himself to them.
- For the future of LWWM in Guatemala and in other countries, that God would continue to bless this ministry with financial stability, amazing staff, dedicated team members, servant-hearted board members, and meaningful partnerships.
