

Summer 2019

Newsletter

Start children off on the way they should go, and even when they are old they will not turn from it.
Proverbs 22:6

OVER 16 MILLION GALLONS OF CLEAN WATER PRODUCED!

Rejoicing in what the Lord has done and looking forward to what's next
THANK YOU FOR SUPPORTING LWWM!

Over the last three months we have installed three systems in Guatemala, including two at churches and one at a private school for disadvantaged children. This year we have installed many systems in collaboration with small churches in the El Shaddai network in Guatemala. These churches facilitated the teaching of our health and hygiene curriculum at nearby public schools. There are four more installations planned for 2019 including our two fall trips to Guatemala and our double installation in Cuba this December.

Our summer teams including folks from Florida, Arizona, Georgia, and various cities in California. We continued our partnership with [Lighthouse Youth Ministries of Santa Ynez Valley Presbyterian Church in Solvang, CA](#) and completed our third installation together along with youth and adult team members.

We saw great engagement and generosity in our [100 Family Challenge](#) this May and are looking forward to our [Annual Banquet in November in Visalia](#). Our staff in Guatemala conducted two more regional cluster workshops, in Jutiapa and in Petén, during the summer for seven total this year. They will host the Annual Operator's Conference in November in Panajachel, Guatemala for site partners from our now 78 systems. It has been a great summer and we have lots more to look forward to for the rest of 2019.

All about the Gospel

All of our summer installations have worked to advance our mission of sharing the Gospel in the context of installing sustainable water purification systems. Each one afforded us the opportunity to teach health and hygiene education to school children during their regular school day with focus on the Gospel of Jesus Christ, the Living Water. A total of 335 children were instructed along with many adult teachers, administrators, church members, and parents. The clean water being produced by these systems is being provided to these children in addition to the water benefiting the ministry of churches in the wider community.

NEW HOPE PRESBYTERIAN CHURCH VISIT

During our 100 Family Challenge campaign in May New Hope Presbyterian Church of Rienzi, Mississippi raised over \$15,000 for that campaign. Earlier this month our CEO Mark Vanciel and Treasurer Robert Lee visited this beautiful and hospitable church that has supported LWWM for years sponsoring six water systems in Guatemala so far with more on the way in 2020 from the 100 Family Challenge.

Installations

Our summer 2019 installations have been amazing. In June we went to a new church partner in familiar territory for LWWM - Panajachel on Lake Atitlan. In July we were able to install a system an amazing private school, [Distrito de Alto Rendimiento](#) (DAR), in Retalhuleu that provides disadvantaged children with free quality education and health services. In August we worked in a new region, Jalapa, with a church that operates a Christian radio station. Both the June and August installations saw our education taught in local public schools.

Prayer for Living Water World Missions

- For our site partners and their communities
- For 2019 Operator's Conference in Guatemala on November 9
- For our upcoming installations in Guatemala: September 7-14 in Santiago Atitlan and October 5-12 in Barcenas, Villa Nueva
- For our staff and their families
- For our board discerning the will of God for LWWM
- For our Annual Banquet on November 1 in Visalia
- For planned double-installation in Cuba this December

Annual Appreciation Banquet

"All About the Gospel"

November 1, 2019

6pm - 8pm

Gateway Church, Visalia, CA

Dinner & Dessert - Live Auction -
Guatemalan Marketplace

Come and share in the mission of LWWM and hear about the work our staff in Guatemala do each day to advance the Gospel.

Watch your inboxes and mailboxes for your invitation next month!
