

Winter 2020 Newsletter

Looking ahead to another wonderful year with gratitude

Thank you for your support of Living Water World Missions. You help make clean water a reality for communities in Guatemala, Cuba, and beyond!

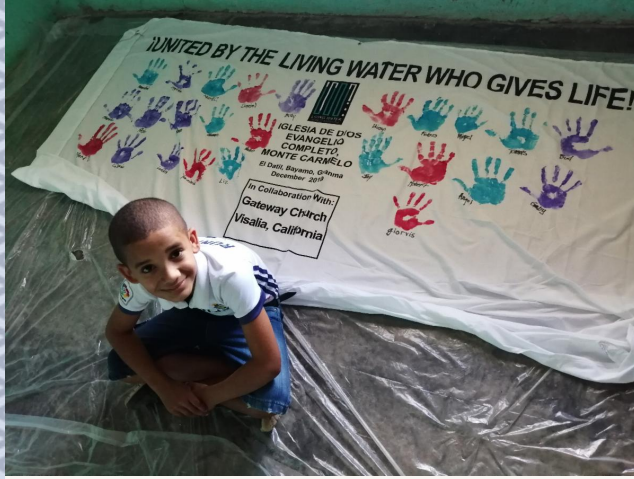

This month our 77 combined systems in Guatemala exceeded 18 million gallons of clean water produced. In Cuba over 250,000 gallons of clean water have been produced by three systems. We are grateful for what the Lord has done through Living Water World Missions. We have more work ahead in this new year.

Soon you we will release our 2019 Annual Report with the full scope of our work last year. For now, here's an update on the past few months and what's coming up in 2020!

GOSPEL - MISSION - PURPOSE

Our **mission** is to share the **Gospel of Jesus Christ** in the context of installing sustainable water purification systems wherever they are needed. We work with local churches and organizations to carry out this mission. With these site partners, our **purpose** is to reach those who don't yet know the saving grace of Jesus Christ the Living Water. This is the work we continue in 2020 to the Glory of God!

JOINT RETREAT

In January, five of our board members met in Guatemala with LWWM Guatemala staff for a joint planning meeting. Over the course of 3 days, much time was spent in prayer and in discernment of the Lord's will for both organizations. We have a renewed sense of our mission and purpose as shared above. We continue to pray for God's direction and provision in this ministry of sharing the Gospel of Jesus Christ, the Living Water.

2020 SCHEDULE

CUBA DOUBLE INSTALL

In December we sent a large team with lots of equipment to Cuba to install TWO water systems in one week. The first installation took place at a small church in the rural community of El Dátil, Bayamo. The second installation was completed at a large church in the city of Santiago de Cuba, which provides facilities for regional gatherings as well as ministries for the church members and the local community. We had crowds at the dedication and for the education classes.

We plan to install a system in Santiago de Cuba in late February.

Guatemala Dates:

March 21-28

April 18-25

May 16-23

June 20-27

For 2020 we have 7 planned mission trips to Guatemala. Many of these trips are still open for team member applications. You can see a full list of trips and application status on our website:

2020 Trip Schedule

July 11-18

August 1-8

October 10-17
